

Advanced Digital Home Phone with Alexa built-in

The Advanced Digital Home Phone with Alexa built-in offers Digital Voice customers great features with crystal clear HD calling

Our most helpful home phone

Simply tap the Alexa button and use the voice command feature to call one of your contacts — or play music, hear the news or check the weather.

A better, clearer connection

HD calling means incredible sound quality on your home phone — almost as if the person you're speaking to is in the room with you.

Easy to block nuisance calls

With our Enhanced Call Protect service, add any number to your personal blacklist with one touch of a button.

Never miss an important conversation

If you're heading out, you can simply divert calls to your mobile with our Call Diversion feature.

Main features

- HD Voice for excellent sound quality
- Easy set up
- Alexa Button for one touch dialling and much more
- One touch access to BT 1571 voicemail
- See and hear if you have a second call waiting
- Call Diversion so you never miss a call
- Connects to your Smart Hub 2
- Multi Call – so two people can be on the phone at the same time
- Easy to read screen shows when you have messages
- Accessibility features, such as Ringer boost and Large text
- Save up to 500 contacts
- Redial any of the last 30 calls you made
- 2.0 inch Colour screen
- Long range reception, up to 300m outdoors, 50m indoors
